Mosaic Mobile™ Film Competition

Spectrum Health's Mosaic Mobile 2019 is a juried mobile short film competition with cash prizes.

Mosaic Film Experience and Spectrum Health have joined forces to challenge students to share their stories about the ways in which we put people first. Spectrum Health strives to improve the health of the communities we serve and want to know your unique story.

Mosaic Mobile content is about challenging the conventions of storytelling. With technology leveling the content creation playing field, the focus is on how to use today's tools to tell more original, engaging stories. Mosaic films celebrate creative thinking and discovery while exploring the diverse world in which we live.
